Subject: Extension Request Granted, Lakeview Rock Products, Inc., Beck Street Project, M/035/020, Salt Lake County, Utah

Dear Mr. Larson:

On April 14, 2005 we received your letter requesting a 45-day extension to furnish your response to the Division's review of your Large Mining Plan for your Beck Street Project. You have requested this extension because you are attempting to purchase addition land adjacent to your property.

We have been attempting since March 5, 2003 to finalize this application in order to issue a permit to Lakeview's Beck Street Quarry. If the property transfer is not completed in time to incorporate this change into your next response for our review, please submit the plan without this information. We will amend your approved plan at a later date to incorporate any changes that may occur due to the acquisition of addition property.

Given the extenuating circumstances, the Division hereby grants your extension request. Please provide your response by May 31, 2005.

Please be aware that you will not be permitted to disturb any additional land that is acquired at the Beck Street Quarry until it is incorporated in your approved operating plan.

Thank you for your continued cooperation.

Sincerely,

Susan M. White
Mine Program Coordinator
Minerals Regulatory Program
